

'FALLING WITH STYLE - What you can learn from Spin & Aerobatic Training' - BY MICHAEL CHURCH

Not everyone is drawn to the pursuit of aerobatics, but all pilots benefit from learning recognition and recovery techniques that focus on safety. The presentation will concentrate on a thorough analysis of spins, unusual attitude recoveries and basic aerobatic flight skills.

Directions: Park in rear of building. Enter directly into meeting/conference room. This is a *FEE-EVENT*

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
